[Sponsorship details here.](#)

**Supporting Sponsor: \$4,500 or \$425/month** – High-value option for year-round promotion of your company that makes industry members and the market well aware of your participation. [Sponsorship details here.](#)

### SIGNATURE EVENT SPONSORSHIP

**MD Cybersecurity Awards Celebration, March: \$1,000, \$2,500, \$5,000, \$10,000** – This prestigious annual event highlights and celebrates Maryland companies and individuals who have: succeeded in protecting businesses or government entities with their innovative cybersecurity products and/or outstanding cybersecurity services; demonstrated exemplary knowledge, expertise, leadership or innovative thinking; and/or made a significant contribution to the cybersecurity industry. [Sponsorship details here.](#)

**Maryland Cyber Day, May** – This annual, activity-filled day is designed to highlight and celebrate Maryland's cybersecurity entrepreneurs, innovators and companies and connect them with businesses and government entities that could benefit from their products or services. **Sponsorship details coming soon.**

**CAMI Signature Social: \$1,000, \$2,000, \$3,500** – This fun-themed annual event provides networking and showcasing opportunities for businesses engaged in Maryland's cybersecurity industry. This includes cybersecurity companies as well as government entities, academia and service-providing businesses (law firms, healthcare institutions, insurance providers, etc.). [Sponsorship details here.](#)

**Women in Cyber Signature Event: \$1,000, \$2,500, \$5,000** - This annual event highlights women cybersecurity leaders and the valuable contributions women make to the cybersecurity industry and serves to connect and inspire women cybersecurity professionals and potentially, young women seeking cybersecurity careers. [Sponsorship details here.](#)

**Cyber Purchasing Fairs** - These events bring businesses in several key Maryland industries or government entities face-to-face with Maryland cybersecurity companies with solutions to their security needs. Participants include supply chain, vendors and partners to help all key stakeholders secure their assets and operations. Proposed events include:

**Port of Baltimore (with BDC & US Cybersecurity Magazine)** – *Sponsorship details coming upon event confirmation.*

**Healthcare (with UMMS?)** – *Sponsorship details coming upon event confirmation.*

**Manufacturing (with RMI?)** – *Sponsorship details coming upon event confirmation.*

## GENERAL PROGRAM & EVENT SPONSORSHIP

**MD Cyber CxO Breakfast Club Meetings: \$5,000/11 meetings or \$500/meeting**– Ideal for meeting company c-suite executives. This high-impact program assembles MD cybersecurity company c-suite executives to meet with some of Maryland’s most prominent businesses to learn about key industry needs, discuss ‘hot topics’ and to meet prospective business partners. *11 programs/year*. [Sponsorship details here](#).

**MD Cyber Capabilities Exchange Meetup: \$500** – 2-hour networking and capabilities showcase for 5-7 MD cybersecurity companies. Objective is to generate sales, partnering/reselling opportunities and referrals. Individuals from across Maryland's cybersecurity community - including cybersecurity companies, cybersecurity solution seekers (a.k.a. potential customers) and investors - are encouraged to attend. *Approximately 6 programs/year*. [Sponsorship details here](#).

**Women in Cyber Social: \$500** – A casual and fun-infused networking event designed to connect women leading and/or employed at MD cybersecurity companies, women cybersecurity professionals from government agencies/contractors and commercial non-cybersecurity companies, and women seeking cybersecurity careers. *Several events/year*. [Sponsorship details here](#).

**Cyber Solution Exchanges: \$500**. Meetings between one business and MD cybersecurity companies that have capabilities to help them address their needs. Businesses have the option of anonymity and pre-selecting who they will meet with or hosting an open, face-to-face meeting. **Sponsorship details coming soon.**

**Cybersecurity Awareness Programs** – Educational events featuring a keynote speaker and/or panel discussion along with a business exchange/networking hour during which attendees can connect with event sponsors and MD cybersecurity companies that will be showcasing their products and services. The target audience for attending is C-suite executives from non-cybersecurity businesses. CAMI may partner with other organizations to co-host these programs to maximize reach to targeted audience. *Several events/year*.
