

Maryland Cyber Jobs Champion Sponsor Agreement

Hosted by the non-profit Cybersecurity Association of Maryland, Inc. (CAMI) and powered by SkillSmart, the Maryland Cyber Jobs (MCJ) platform reduces the time, effort and expense required for **Maryland employers** to find qualified candidates for cybersecurity-related positions. MCJ also helps **candidates** identify jobs that match their experience, current skills and skills they need to acquire the jobs they want. Additionally, MCJ allows **Maryland education and training providers** to identify the skills and experience their programs and/or resources provide for job seekers and connects candidates with these programs and/or resources.

In return for supporting the Maryland Cyber Jobs (MCJ) program in the amount of \$10,000, company/organization will be named as a **Maryland Cyber Jobs Champion Sponsor** for 12 months and will receive the following benefits:
